

REFRACTION POLICY

TallmanEye.com (978) 688-6182

ACKNOWLEDGEMENT OF REFRACTION POLICY

A refraction is a measurement of the lens power necessary to prescribe glasses or other corrective lenses. Most medical insurance plans, including Medicare, do not cover routine refractions or routine eye examinations (when no medical eye problems are diagnosed or suspected). Medicare and most medical insurance plans allow that we charge separately for this service, since it is a non-covered service.

If you have any questions regarding Medicare, insurance policies, and procedures, please do not hesitate to ask. We will do our best to assist you.

By signing this, I understand that I will be responsible for the refraction charge of \$50 that is stated in the above policy.
